What to fix first

Open quality report

Zero-volume bars cluster in deferred contracts
Suggested rule: keep as info, exclude from VWAP windows.

Conflicting duplicates come from few contracts
Suggested rule: quarantine the later record, keep the first.

Insights

Zero-volume bars cluster in deferred contracts
Suggested rule: keep as info, exclude from VWAP windows.

Most gaps sit at the same time each day
Suggested rule: learn the daily session break and stop flagging it.

Conflicting duplicates come from few contracts
Suggested rule: quarantine the later record, keep the first.
